BACKGROUND

In July of 2018, the Lord put on Kelly's heart to create what she thought was going to be a "simple design blog". Over the years, the Father has continued to evolve and grow her into a multi-passionate Entrepreneur, and today there are THREE main businesses that the Lord has directed her to pursue!

The Lord intertwined The Inspired Belles, Kelly Osment Designs, LLC, and The Kingdom Home Connections, Inc. so beautifully, and she truly feels honored to be a part of them – as they are all His. She is so thankful to be His hands and feet, being a vessel to further His Kingdom in any way that He calls her to.

In January 2021, the Lord prompted Kelly to reach out to those that connected with The Kingdom Home Connections Inc. and the original four Board Members were created! In February 2021, the Intercessory Prayer team was expanded and much was happening behind the scenes, more than Kelly was even aware of! In October 2021, the Lord suddenly called Kelly to pursue these businesses full time, completing her season in a position that she held for 10 years.

By November 2021, her husband was integrated into Kelly Osment Designs offering Repair Services, which supported their family and allowed Kelly to continue building their Legacy.

We also had two additional, integral volunteers that joined our team!

By January 2022, "The Kingdom Team" consisted of 12 people! We simply would not be where we are today without their talent and commitment, or if those "I am promptings from the Lord to post Volunteer Positions online" didn't happen! For those individuals to "answer the call" was simply a miracle in Kelly's eyes!

By February 2022, it was clear we were all building and laying the Foundation for what is to come, and we were just getting started! By October 2022, The Kingdom Team is now 17 people and we are continuing to develop, serve and collaborate with our community!

I have used Brian for many projects during my renovation and I have always been pleased. His attention to detail is great and he has fixed many things other contractors have messed up. His prices are very fair and he always does a great job!"
